1. Attached for your information please find a copy of the tasking memo which has been sent to the Community. Also, Dr. DeLauer has sent some additional guidance for the conducting of the symposium.

"I support the continuing objective of these symposia. I believe that the focus should be on technology and mission function support; thus security should be held to the lowest possible level so that the highest utility to all concerned can accrue.

The EXRAND staff has already contacted my staff on this matter. Mr. [REDACTED] will be my staff point of contact on the matter."
